Page 34-45:	QB, RB, WR and TE projections
Page 46-51:	Category Leader projections
Page 52:	Projected standings, playoff teams and 2022 draft order
Page 53:	Projected Strength of Schedule

Page 65:	Current Coaching Staffs

Understanding the graphics:

- *The numbers shown are projections for the 2021 NFL regular season (Weeks 1-18).
- *Some columns may not seem to be adding up correctly, but this is simply a product of rounding. The totals you see are correct.
- *Looking for sortable projections by position or category? Check out the projections tab inside the ESPN Fantasy game.
- *'Team stat rankings' is where each team is projected to finish in the category that is shown.
- *'Unit Grades' is not related to fantasy football and is an attempt at objective ranking of each team at 10 key positions. The overall grades are weighted based on positional importance. The scale is 4.0 (best) to 0.1 (worst). A full rundown of Unit Grades can be found on page 51.
- *'Strength of Schedule Ranking' is based on 2021 rosters (not 2020 team record). '1' is easiest and '32' hardest. See the full list on page 50.
- *Note that prior to the official release of the NFL schedule (generally late April), the schedule shown includes the correct opponents, but the order is simulated.
- *Have a question or notice an error? Contact Mike Clay on Twitter @MikeClayNFL
