

2024 ESPN Eliminator League Cheat Sheet

Compiled by Mike Clay

Last Update: 5/16/2024

How to read the chart:

The first chart you see shows the projected win probability for each team for each remaining week of the season. The second chart ranks those win percentages by team. The point of this is to indicate the best weeks to utilize each team. For example, a team may have one of the highest win probabilities in the league in Week 1, but perhaps it's only their fifth-best chance to win going forward, so you may want to save them for another week. Green indicates a high win probability, whereas red is low (relative to the league in the first chart and relative to the team's remaining schedule in the second chart). Page 2 is simply the remaining schedule for each team.
